**June 2024**

## FIELD OF ACTIVITY

The Association encompasses all aspects of bridge maintenance, safety, and management. Specifically, it deals with: bridge repair and rehabilitation issues; bridge management systems; needs of bridge owners, financial planning, whole life costing and investment for the future; bridge related safety, risk, resilience, sustainability, and life-cycle issues and economic and other implications. (Status of IABMAS as of June 2024)

## MISSION

The mission of the Association is to become the premier international organization for the advancement of the state-of-the-art in the fields of bridge maintenance, safety, risk, resilience, sustainability and management.

## OBJECTIVE

The objective of the Association is to promote international cooperation in the fields of bridge maintenance, safety and management for the purpose of enhancing the welfare of society.

## ACTIVITIES

In order to fulfil its mission and objective, the Association will organize congresses, conferences, symposia, workshops, seminars, and short courses on the related topics. The Association intends to cooperate with other organizations including AASHTO, ACI, AISC, ASCE, CERRA, ESRA, FIB, IABSE, IALCCE, IASSAR, ICE, IFIP, JCSS, PIARC, and RILEM having interest in bridge maintenance, safety and management.

## TECHNICAL COMMITTEES

### Bridge Health Monitoring

Manage bridge operations, security and maintenance within a single-platform and under an integrated asset-management umbrella, effectively and optimally. Reach a consensus on nomenclature, on the structuring of the application scenarios, on the classification of the application technologies and integration needs, and most importantly, on the minimum quality requirements for meaningful applications.

### Bridge Management

Concerned with methods and technologies for selection and evaluation of cost-effective, programmatic optimal strategies for comprehensive management of bridges and structures, taking into account life cycle costs and functional requirements such as safety, mobility, and traffic congestion.

### Bridge Load Testing

Determine required loads, instruments and method of load application, methods of updating assessments using collected field data, the link between load testing and structural health monitoring, and the uncertainties (probabilistic aspects as well as risks during test execution) associated with load testing. Interpret load test results, laboratory testing of bridge components to improve assessment methods in the field and optimize related costs keeping adequate reliability to spread their use worldwide.

## STRUCTURE AND INFRASTRUCTURE ENGINEERING

### Maintenance, Management, Life-Cycle Design and Performance

STRUCTURE AND INFRASTRUCTURE ENGINEERING: Maintenance, Management and Life-Cycle Design and Performance is an international peer-reviewed scientific journal (included in the ISI Science Citation Index Expanded, 2022 Impact Factor = 3.7). This journal is dedicated to recent advances in the field of life-cycle performance of a wide range of structures and infrastructures, such as: buildings, bridges, dams, underground constructions, offshore platforms, pipelines, naval vessels, ocean structures, nuclear power plants, airplanes and other types of structures including aerospace and automotive structures.

STRUCTURE AND INFRASTRUCTURE ENGINEERING is endorsed by IABMAS and IABMAS members are offered a substantial discount subscription rate. Subscriptions are for the private use of the individual accredited IABMAS Members and are not placed in a library nor in any way used to substitute for an existing or potential library (full) subscription.

For information about the Journal please visit:

## **MEMBERSHIP INFORMATION**

Membership may be either individual or collective. An individual member shall be a person who is involved in the areas of activity covered by the Association, possesses appropriate knowledge and who is willing to support the mission and objective of the Association. A collective member shall be organizations having technical or scientific interest in the Association, such as highway agencies, state departments of transportation, transportation institutes, universities, bridge owners and operators, road departments, qualified firms and libraries.

To apply to become a member of IABMAS, please visit the IABMAS homepage at <http://www.iabmas.org/join.html>

## **NATIONAL GROUPS OF IABMAS**

To better coordinate its activities, the International Association for Bridge Maintenance and Safety (IABMAS) provides the possibility of establishing national groups. At present (June 2024) there are fifteen national groups: Australia, Brazil, Canada, Chile, China, Denmark, Italy, Japan, Korea, Portugal, Spain, Sri Lanka, Sweden, Turkey and USA.

### **IABMAS Australia Group**

The aim of IABMAS Australia is to promote, coordinate and facilitate knowledge and information sharing for research, development and practice in the area of bridge maintenance, safety and management in Australia.

#### Information

Date of foundation: October 2014

Webpage: <http://www.iabmas-aust.org>

Application Form: <http://www.iabmas-aust.org/join.html>

Email: [nigel.powers@roads.vic.gov.au](mailto:nigel.powers@roads.vic.gov.au)

### **IABMAS Brazil Group**

Besides promoting conferences, symposia and workshops, the IABMAS Brazil Group aims to disseminate knowledge in the area of maintenance and structural safety of bridges in accordance with the objectives of IABMAS.

#### Information

Date of foundation: September 2013

Webpage: <http://www.iabmas-br.org>

Application Form: <http://www.iabmas-br.org/membros>

Contact: <http://www.iabmas-br.org/contato>

### **IABMAS Canada Group**

The objectives of IABMAS – Canada are: 1) To promote technology transfer in the area of bridge maintenance, safety and management in Canada; 2) Work with owners, industry, and academia to promote activities in the area of bridge maintenance, safety and management in Canada; and 3) To promote IABMAS and its mission and objective in Canada and encourage representation of members in IABMAS global activities.

#### Information

Date of foundation: May 2022

Webpage: <http://iabmas-canada.org/>

Contact: <https://iabmas-canada.org/contact/>

#### **IABMAS Chile Group**

The IABMAS Chile Group intends to build a stronger collaboration, to share knowledge and to contribute to the betterment of Chilean infrastructure in the field of design, construction and maintenance on bridge engineering.

#### Information

Date of foundation: October 2017

Webpage: <http://iabmas-chile.org>

Application Form: <http://iabmas-chile.org/contacto>

Contact (Chat): <http://iabmas-chile.org/foro/>

#### **IABMAS China Group**

The IABMAS China Group intends to build a professional academic organization in the field of bridge maintenance, safety and management in China and to establish a platform for both domestic and international communication within IABMAS.

#### Information

Date of foundation: April 2012

Webpage: <http://iabmas-cg.org>

Application Form: [http://iabmas-cg.org/Show.aspx?info\\_lb=374&info\\_id=1099&flag=374](http://iabmas-cg.org/Show.aspx?info_lb=374&info_id=1099&flag=374)

Email: [Secretariat@IABMAS-CG.ORG](mailto:Secretariat@IABMAS-CG.ORG)

#### **IABMAS Denmark Group**

The objectives of IABMAS – Denmark are to promote technology transfer in the area of bridge maintenance, safety and management in Denmark. Work with owners, industry, and academia to promote activities in the area of bridge maintenance, safety and management in Denmark. To promote IABMAS and its mission and objective in Denmark and encourage representation of members in IABMAS global activities.

#### Information

Date of foundation: April 2023

Webpage: <https://iabmas-danmark.dk/>

Email: [jes@cowi.com](mailto:jes@cowi.com)

#### **IABMAS Italy Group**

The IABMAS Italy Group was formed with the intent of establishing a reference for scholars, researchers and designers in order to promote a fruitful synergy between theory and practice in the field of bridges and viaducts, fostering dialogue between the academic community, the professional community, operators in the building industry, manufacturers of advanced materials, management institutions and administrations of public and private infrastructure networks.

#### Information

Date of foundation: July 2012

Webpage: <http://www.iabmas-italy.it>

Application Form: <http://www.iabmas-italy.it/Membri.html>

Email: [info@iabmas-italy.it](mailto:info@iabmas-italy.it)

#### **IABMAS Japan Group**

The IABMAS Japan Group intends to promote innovation and technology in the field of bridge design, construction, and maintenance. It ensures the representation of Japan in IABMAS involving students, researchers and engineers from all areas of bridge engineering. It connects academic community, engineers in design and construction industry, and administrations of public and private infrastructure sectors to effectively bridge the gap between theory and practice in the field of bridge engineering.

#### Information

Date of foundation: June 2015

Webpage: <http://www.iabmas-japan.org>  
Application Form: <http://www.iabmas-japan.org/join.html>  
Email: [info@iabmas-japan.org](mailto:info@iabmas-japan.org)

### **IABMAS Korea Group**

The IABMAS Korea Group intends to strengthen cooperation and connection between scholars, researchers, designers and practitioners in the area of bridge engineering. It encourages and supports various and creative activities of young engineers and students in design, analysis and maintenance fields. It promotes and contemplates academic events and activities such as training programs, technical symposium, and conferences to share information and knowledge between diverse parties. It contributes to build strong relationship between academic community, engineering society, construction industry and administrations of public and private infrastructure sectors. It designs various advertising campaign to encourage design, construction, and management of bridge engineering in Korea.

#### Information

Date of foundation: November 2018  
Webpage: <http://www.iabmas-korea.org>  
Application Form: <http://www.iabmas-korea.org/aplication/Aplication%20form1.pdf>  
Email: [jskong@korea.ac.kr](mailto:jskong@korea.ac.kr)

### **IABMAS Portugal Group (ASCP)**

ASCP intends to promote technical and scientific cooperation and contribute to the dissemination and development of the bridge maintenance and safety subject; and to ensure the Portuguese representation in IABMAS.

#### Information

Date of foundation: July 2005  
Webpage: <http://www.ascp.pt>  
Application Form: <http://www.ascp.pt/inscricao.htm>  
Email: [secretariado@ascp.pt](mailto:secretariado@ascp.pt)

### **IABMAS Spain Group**

Spanish group of IABMAS aims to promote, coordinate and facilitate the exchange of knowledge for research, development and practice in the area of maintenance, safety and management of bridges in Spain. They intend to guarantee that research and development in the area of bridge maintenance and management in Spain is focused on the current and future needs of society and to promote IABMAS and its mission and objectives within Spain.

#### Information

Date of foundation: September 2021  
Webpage: <https://genwebv4.upc.edu/construtech/en/iabmas-spain>  
Email: [iabmas.spain@gmail.com](mailto:iabmas.spain@gmail.com)

### **IABMAS Sri Lanka Group**

Sri Lanka, the Pearl in the Indian Ocean, formed its national group with the aim of promoting research and development in the areas of bridge maintenance, safety, and management, emphasizing current and future needs of the country. The group promotes professional meetings, workshops, and collaborative research to develop necessary expertise and human resources demanded by the significant investment in infrastructure development. The group provides a venue for Sri Lankan engineers to interact with the global engineering community that promotes IABMAS ideals.

#### Information

Date of foundation: December 2019  
Webpage: <http://iabmas-srilanka.org>  
Application Form: <http://iabmas-srilanka.org/aboutus/Join.php>  
Email: [csbandara@eng.pdn.ac.lk](mailto:csbandara@eng.pdn.ac.lk)

### **IABMAS Sweden Group**

The objectives of IABMAS – Sweden are to promote international cooperation in the fields of bridge maintenance, safety, and management for the purpose of enhancing the welfare of society. IABMAS – Sweden also aims to promote technology transfer in bridge maintenance, safety, and management in Sweden and work with owners,

industry, and academia to encourage activities in bridge maintenance, safety, and management in Sweden. The group will also work towards promoting IABMAS and its mission within Sweden and ensure Sweden's Group members' representation in IABMAS global activities.

#### Information

Date of foundation: December 2023

Webpage: <https://iabmas-sweden.com/>

Contact : <https://iabmas-sweden.com/contact/>

### **IABMAS Turkey Group**

The IABMAS Turkey Group intends to encourage and coordinate knowledge and information sharing for research, development, and practice in the area of bridge maintenance, safety, and management with a focus on current and future needs of the community. The IABMAS Turkey Group promotes International Association for Bridge Maintenance and Safety (IABMAS)'s mission in Turkey. It establishes a platform for both domestic and international communication within IABMAS and ensures Turkish representation in IABMAS.

#### Information

Date of foundation: July 2018

Webpage: <http://iabmas-turkey.org>

Application Form: <http://iabmas-turkey.org/join-iabmas-turkey/>

Email: [info@iabmas-turkey.org](mailto:info@iabmas-turkey.org)

### **IABMAS USA Group**

IABMAS USA group intends to promote technology transfer in the area of bridge maintenance, safety and management in the United States; work with owners, industry, and academia to promote activities in the area of bridge maintenance, safety and management in the United States; promote IABMAS and its mission and objectives within United States; and ensure United States group members representation in IABMAS global activities.

#### Information

Date of foundation: January 2020

Webpage: <http://iabmas-usa.org>

Application Form: <http://iabmas-usa.org/join-iabmas-usa/>

Email: <http://iabmas-usa.org/contact/>

## **IABMAS AWARDS**

### **Honorary Members**

Man-Chung Tang, USA, 2012

Eiichi Watanabe, Japan, 2012

### **Senior Prize**

John W. Fisher, USA, 2002

Joern Lauridsen, Denmark, 2002

Naruhito Shiraishi, Japan, 2004

Arun M. Shirole, USA, 2004

Robert Sexsmith, Canada, 2006

Eiichi Watanabe, Japan, 2006

Hitoshi Furuta, Japan, 2008

Man-Chung Tang, USA, 2008

Robert A.P. Sweeney, Canada, 2010

**IABMAS**  
FOUNDED 1999

**INTERNATIONAL ASSOCIATION FOR  
BRIDGE MAINTENANCE AND SAFETY**

## MISSION

The mission of the Association is to become the premier international organization for the advancement of the state-of-the-art in the fields of bridge maintenance, safety, risk, resilience, sustainability and management.

## OBJECTIVE

The objective of the Association is to promote international cooperation in the fields of bridge maintenance, safety, risk, resilience, sustainability and management.

## ACTIVITIES

In order to fulfil its mission and objective, the Association will organize congresses, conferences, symposia, workshops, seminars, and short courses on the related topics. The Association intends to cooperate with other organizations, including AASHTO, ACI, AISC, ASCE, CERRA, ESRA, FIB, IABSE, IALCCE, IASSAR, ICE, IFIP, JCSS, PIARC, and RILEM, having interest in bridge maintenance, safety and management.

## MEMBERSHIP

Membership will include individual members and collective members. An individual member of IABMAS shall be a person who is involved in the areas of activity covered by the Association, possesses appropriate knowledge and is willing to support the mission and objective of the Association. A collective member of IABMAS shall be an organization having technical or scientific interest in the Association, such as highway agencies, state departments of transportation, transportation institutes, universities, bridge owners and operators, road departments, qualified firms, and libraries.

## JOIN IABMAS

To apply for a member of IABMAS, please visit the IABMAS website at <https://iabmas.w.waseda.jp/>, choose the appropriate application form and send all the requested information to IABMAS Secretariat.

13<sup>th</sup> International Conference on Bridge  
Maintenance, Safety and Management  
Orlando, Florida, USA  
July 6 – July 10, 2026  
<https://iabmas2026.org>

**WELCOME**

Welcome to IABMAS 2026 in Orlando, Florida, U.S.A., known as the City Beautiful! The conference theme, "Smart and Sustainable Bridges for the Future," to explore innovative solutions that will re-shape the future of bridge engineering. The objectives of IABMAS 2026 are to address all aspects of bridge maintenance, safety, and management. Specific emphasis will be on bridge repair and rehabilitation issues, bridge management systems, the needs of bridge owners, financial planning, life-cycle evaluation costing, and investment for the future. Additionally, the conference will focus on bridge-related safety, risk, and economic issues. The implications and applications of AI, Digital Twins, Robotics in the management of existing bridge stocks are also among the relevant objectives. IABMAS 2026 aims to act as a forum for academics, practitioners, owners, and operators to discuss recent advances and identify future research directions. Together, we will share knowledge, inspire progress, and strengthen connections within our vibrant international community. We look forward to welcoming you in Orlando in July 2026.

F. Necati Calbas

Dan M. Frangopol

Hae-Bum Andrew Yun

Chairs of IABMAS 2026 Conference, Orlando, Florida

**KEY DATES**

The conference dates will be July 7-9, 2026. The welcome reception will be on July 6, 2026, and the technical tours will be on July 10, 2026. Other key dates such as paper submission, registration will be announced later.

**GENERAL INFORMATION - VENUE, ACCOMODATION, CITY**

The conference venue will be Rosen Plaza Hotel. The newly renovated hotel and its settings will enable easy access to sessions, comfortable and spontaneous networking and meeting opportunities, as well as relaxing spots for the attendees and accompanying persons. Located on International Drive, the hotel is walking distance to many attractions, restaurants, 5 minutes from Sea World, 15 minutes from Universal CityWalk and Walt Disney World. While you immerse yourself in the technical sessions, don't miss the opportunity to explore the wonders of Florida. Orlando, renowned for its world-class attractions and offers endless entertainment for all ages. Additionally, you can discover the unique natural beauty of Florida's diverse ecosystems with visits to the Everglades, pristine beaches, and the picturesque springs.

**SOCIAL PROGRAM AND TECHNICAL TOURS**

A memorable social program and technical tours will be arranged for the attendees. These will be posted on the conference website <https://iabmas2026.org>.

**SPONSORS AND EXHIBITORS**

Please contact conference chairs for details.

## Structure and Infrastructure Engineering

*Maintenance, Management, Life-Cycle Design and Performance*

Editor-in-Chief: **Dan M. Frangopol**

SIE is an international peer-reviewed scientific journal that celebrates its **20<sup>th</sup> anniversary**. It is dedicated to recent advances in the field of life-cycle performance of a wide range of structures and infrastructure. SIE is endorsed by IABMAS, and it is included in the ISI Science Citation Index with **2022 IF 3.7**.

IABMAS Members are offered a substantial discount subscription rate (120 USD or 80 GBP). Subscriptions are for the private use of the individual accredited IABMAS Members.

For more information, please visit the website of the Journal at:

<https://www.tandfonline.com/action/aboutThisJournal?journalCode=nsie20>

### Special issues of SIE dedicated to IABMAS Conferences:
